

Dear Parent(s) and Carer(s),

**Wales Match 25<sup>th</sup> November**

This week marks an historic event with Wales in the World Cup. They have already played a match and are playing again this Friday (25<sup>th</sup> November) at 10 am. Most matches the pupils can watch will be after school but on this occasion it is during school time.

Many pupils and staff have asked me for a special dispensation regarding this. Therefore, on Friday there will be a small change to the school day to accommodate pupils being able to watch this event. School will start as normal – as will period 1. This will finish around 9.55 allowing pupils to get to period 2 and **watch the Wales match in class**. Break will move slightly and pupils will conclude watching during period 3. Pupils are expected to be in school and to focus on normal school work before and after.

Lunch and the remainder of the day will be as normal. This is not something we normally do for sporting events but given the support for Wales and its unusual nature I hope you understand why we have done this.

Yours faithfully,

H.J.Powell  
Headteacher
