

Mary Immaculate High School's Production of

This amateur production is presented by arrangement with Music Theatre International. All authorised performance materials are also supplied by MTI www.mtishows.co.uk

On Thursday the 9th March, students performed in our school production of High School Musical. This was the first production to take place in four years and students were keen to come back with a bang. The musical follows the story of Troy, played by Daniel Intrigila-Cascon and Gabriella, played by both Poppy Richardson and Lilia Hewer. After a chance meeting on New Year's Eve, both characters discover they attend the same school in Albuquerque. They also discover a love of singing. They bring the school together to show everyone that you can be anything you want to be and encourage them to follow their dreams. Songs such as Bop to the Top and Breaking Free were crowd favourites, and the audience were blown away by the talent displayed on the stage. After the disappointment of performances being cancelled due to bad weather, the students went above and beyond to perform three times on the Thursday. The support from parents, guardians, and the school community has been overwhelming and the students and teachers involved look forward to next year's production.
